Towing rates are based on mileage on the Turnpike only. An authorized garage may not charge for towing beyond the exit interchange to its shop.

Should you wish to be towed to another location, the Garage may charge the prevailing rate thereto and financial arrangements should be agreed to before such additional towing is authorized.

Repairs after leaving the Turnpike are for direct arrangement between you and the garage, which the N.J. Turnpike does not regulate. A garage is permitted to charge daily storage for vehicles left on their property.

Garages accept cash and two major credit cards.

All Garages honor valid AAA memberships for towing back to their Garage.

A GARAGE IS NOT REQUIRED TO ACCEPT PERSONAL CHECKS.
